

Coaching the Emergency Vehicle Operator 3: FIRE

NSC Driver Safety Training

Specialty training for fire apparatus operators

Course description

Coaching the Emergency Vehicle Operator (CEVO) 3: FIRE promotes critical thinking during high-pressure driving situations and offers defensive driving strategies to avoid collisions. The course trains fire apparatus operators, volunteer and municipal fire personnel how to navigate through traffic safely in both emergency and non-emergency situations and features videos with real-life driver simulations followed by group discussions.

CEUs may be available for successful completion of this course. Please contact your State Fire Marshall for more information.

What participants will learn

Throughout the 6-hour course, participants will learn defensive driving techniques to maneuver safely through traffic under severe time constraints and stress. Topics include navigating through intersections, cushion of safety, passing and changing lanes, handling blind spots, backing safely, properly positioning the fire apparatus, operating on different road surfaces, weather conditions and more.

Coaching the Emergency Vehicle Operator 3: FIRE course materials

Instructor Kit – Fully-scripted Instructor manual with group learning activities, discussion diagrams and situation analyses to reinforce key coaching points, observation checklist and a DVD with apparatus inspections and real-life driver scenarios.

Trainee Kit – 32-page participant guide with self-appraisal, emergency vehicle characteristic and inspection checklist, traffic situation diagrams with key coaching reminder tips and computer-scored final exam. Driver recognition patch and certificate of completion awarded to students with an 80% or higher passing score. Final exams must be scored by Coaching Systems.

Maneuvering Skills Module – This module explains how to set up a test site for hands-on driver evaluation session. Use as a one- or two-hour supplement to the classroom course or as a stand-alone module. Includes DVD, test exercises and Administrator Guide.

Coaching the Emergency Vehicle Operator 2: FIRE online

Busy emergency vehicle operators can train independently on their own schedule in four hours or less. Bookmark feature lets users log off and return to the same place later. Answers to review questions are immediate as is Certificate of Completion for passing test scores.
