

Are There Opioids in Your Home?

Drug overdoses are the #1 cause of preventable death in the U.S.

More than
50%

of people who misuse opioids get them from family or friends.

STORE OPIOIDS SECURELY IN A LOCKED MEDICINE CABINET OR LOCKBOX.

DO NOT FLUSH OR THROW AWAY UNUSED OPIOIDS.

DISPOSE OF THEM PROMPTLY, PROPERLY AND SAFELY.

Find a local disposal site at deatakeback.com or visit nsc.org/takeback to learn about other options
